

## Iowa Stormwater Management Manual - BMP Worksheet

| Infiltration / Filtration Practices   | Units                         | Quantity | Itemized Cost (\$) |        | Total C    |
|---------------------------------------|-------------------------------|----------|--------------------|--------|------------|
|                                       |                               |          | Estimated          | Actual | Estimated  |
| Infiltration Trench                   | <i>square feet</i>            | 0        | \$3                | \$0    | \$0        |
| Infiltration Basin                    | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Bioretention Practices (Rain Garden)  | <i>square feet</i>            | 0        | \$10               | \$0    | \$0        |
| Soil Quality Restoration              | <i>cubic yards of storage</i> | 0        | \$36               | \$0    | \$0        |
| Native Landscaping                    | <i>acres</i>                  | 0        | \$360              | \$0    | \$0        |
| Surface & Perimeter Sand Filter       | <i>square feet</i>            | 0        | \$3                | \$0    | \$0        |
| Underground Sand Filter               | <i>cubic yards of storage</i> | 0        | \$6                | \$0    | \$0        |
| Stormwater Detention Practices        | Units                         | Quantity | Itemized Cost (\$) |        | Total C    |
|                                       |                               |          | Estimated          | Actual | Estimated  |
| Extended Dry Detention Basin          | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Wet Detention Basin (Stormwater Pond) | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Wet Extended Detention Pond           | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Micro-Pool Extended Detention Pond    | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Dry Detention Basin                   | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Stormwater Wetlands                   | Units                         | Quantity | Itemized Cost (\$) |        | Total C    |
|                                       |                               |          | Estimated          | Actual | Estimated  |
| Shallow Wetland                       | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Extended Detention Shallow Wetland    | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Pond / Wetland System                 | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Pocket Wetland                        | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Vegetated Swale Systems               | Units                         | Quantity | Itemized Cost (\$) |        | Total C    |
|                                       |                               |          | Estimated          | Actual | Estimated  |
| Grass Swale                           | <i>cubic yards of storage</i> | 0        | \$5                | \$0    | \$0        |
| Dry Swale & Wet Swale/Wetland Channel | <i>cubic yards of storage</i> | 0        | \$3                | \$0    | \$0        |
| Vegetated Filter Strips               | <i>acres</i>                  | 0        | \$360              | \$0    | \$0        |
| Pavement Systems                      | Units                         | Quantity | Itemized Cost (\$) |        | Total C    |
|                                       |                               |          | Estimated          | Actual | Estimated  |
| Modular Block Paver System            | <i>square feet</i>            | 0        | \$18               | \$0    | \$0        |
| Modular Pavement System (GrassPave)   | <i>square feet</i>            | 0        | \$12               | \$0    | \$0        |
| Portland Cement Pervious Concrete     | <i>square feet</i>            | 0        | \$18               | \$0    | \$0        |
| Pervious Asphalt Pavement             | <i>square feet</i>            | 0        | \$18               | \$0    | \$0        |
| Other                                 | Units                         | Quantity | Itemized Cost (\$) |        | Total C    |
|                                       |                               |          | Estimated          | Actual | Estimated  |
|                                       |                               | 0        | \$0                | \$0    | \$0        |
|                                       |                               | 0        | \$0                | \$0    | \$0        |
|                                       |                               | 0        | \$0                | \$0    | \$0        |
|                                       |                               | 0        | \$0                | \$0    | \$0        |
| <b>Total</b>                          |                               |          |                    |        | <b>\$0</b> |
